NELSON RIGG USA INC.

Nelson Rigg USA, Inc. is a family owned and operated manufacturer of aftermarket and OEM accessories for the Motorcycle, Adventure, Off Road, UTV/ATV/PWC and Snow markets for over 40 years. We use the latest technology, design and innovation in all our products and is what has made Nelson Rigg a leader in the Powersports industry. From our Hurricane Adventure, Rigg Gear UTV items, to Route 1 Cruiser and Commuter luggage collections to our top of the line Defender Extreme Covers, we are committed to the highest level of quality and manufacturing and why the majority of our product line carries a LIFETIME Warranty.

We build it - We stand behind it - We use it!

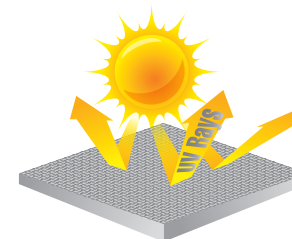

All Products With UltraMax® Feature a Lifetime Warranty

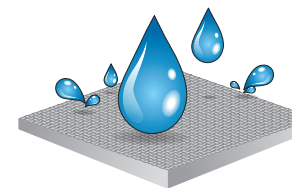

REVOLUTIONARY FABRIC

SEE THE PROOF

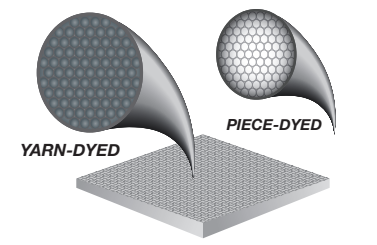

UltraMax® fabric is documented by independent testing labs and is proven to offer more than double the UV resistance of any competitors' fabrics. It blocks 99% of harmful rays that could damage a vehicle's finish, without discoloration after continuous sunlight exposure. *We guarantee it.*

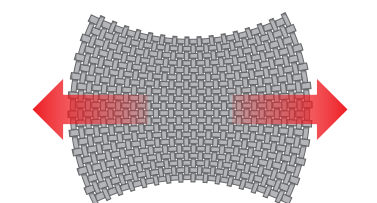

UltraMax® fabric is 100% waterproof thanks to heat-taped seams plus a protective undercoating on the material. It keeps your vehicle dry through the harshest weather. *We guarantee it.*

UltraMax® fabric is yarn dyed, not piece dyed. We color the yarn before it's woven into the fabric material to ensure the best resistance to fading. Our tests prove a more colorfast and longer-lasting material above all others. *We guarantee it.*

UltraMax® fabric is manufactured for strength and durability and delivers high tear and tensile strength ratings. It is resistant to abrasion and wear-through as well as degrading from the elements. *We guarantee it.*

COVER SIZE CHART

The below measurements are a guide. Fitment may vary from bike to bike depending on accessories. If no cover matches your exact dimensions, choose the next size up.

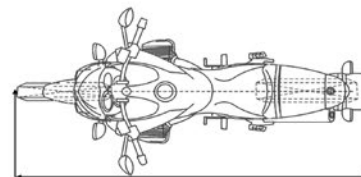

HOW TO MEASURE:

Length: Maximum length of front tire to rear tire / rear top box / rear fender. Whichever makes contact with cover. Measure from front to back across the longest parts of your motorcycle. Measure in a straight line without any contours or bends.

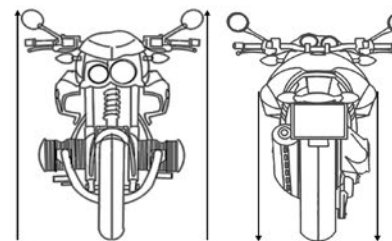

Front Width: Maximum width of handlebar, mirror or faring. Whichever is wider.
Rear Width: Maximum width of seat, faring, for top case, or saddlebags. Whichever is wider. Measure from left to right across the widest part of your motorcycle. Measure in a straight line without any contours or bends.

Front Height: Maximum height of windshield, mirrors or handlebars. Whichever is taller. Measure from the tallest point of your motorcycle to about the bottom of your brake rotor. If you have a top case or tour trunk, please consider our ADV or XXL size cover.

SIZE CHART

These suits jacket/pants are sized to fit over riding gear. We recommend staying with the size you would choose in normal clothing when selecting a size in our rain suits. If you ride with body armor or padding, we then suggest going up one size.

HOW TO MEASURE:

- For the best results, have another person measure using a flexible measuring tape.
- The charts below are a general guideline. If your measurements exceed any range, select a size up.
- Keep in mind these are body measurements, not garment measurements.

Chest:

Measure under arms around the fullest part of the chest. For women, use the largest chest dimension.

Arm Length:

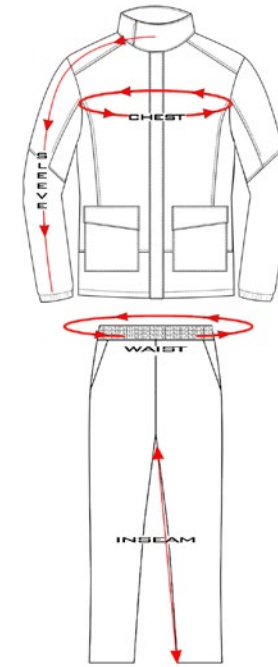

Measure from center back of neck, across shoulder, and down to wrist bone.

Waist:

Measure around natural waistline (pant size). For bodies with a larger belly or hips, use the largest measurement.

Inseam:

Measure from bottom of crotch to one inch above the floor.

SIZE	JACKET		PANTS	
	CHEST	SLEEVE	ELASTIC WAIST	INSEAM
S	32" - 38"	35.5"	28" - 34"	31"
M	36" - 42"	37"	30" - 36"	33"
L	40" - 46"	37.5"	34" - 40"	34"
XL	44" - 50"	38"	38" - 44"	35"
XXL	48" - 54"	38.5"	40" - 46"	35"
3XL	52" - 58"	39.5"	44" - 50"	36"
4XL	56" - 62"	41"	48" - 56"	36"
