

Please read instructions carefully before installation. We recommend this product be installed by a qualified, and experienced motorcycle technician. If you are unsure of any of the below directions and or your ability to correctly and securely install this product, please contact us or your local dealer for help. Below diagrams show typical installation, your motorcycle may be different so please use diagrams as a guide. Make sure your motorcycle is clean and free from dirt, road grime etc. where the Nelson-Rigg® luggage mounts. It is the riders responsibility to make sure the product is mounted and secure before each use. Loading the bag may result in a change of position, always check for proper mounting position after loading and before each and every ride.

WARNING

Magnetic bags are intended or used on bikes with metal tanks. These bags **WILL NOT WORK** on bikes with plastic, aluminum or fiberglass tanks.

The strong magnets used to retain the bag to the gas tank could effect a variety of electronic devices and electronic storage units such as: cell phones, laptop computers, MP3 players, digital cameras, etc. These pockets on this bag were designed to keep your devises away from the magnets and safe from interference. Make sure when storing this bag it is as far away from other electronics as possible. Make sure the bag is free from dirt, dust or metal particles prior to fastening to gas tank.

Always remove this bag when not in use. Prolonged use without removal can have an effect on **metallic paint**.

Installation:

Always clean gas tank before gently positioning the bag on the tank. Make sure the bag does not interfere with the controls or your ability to safely operate the motorcycle. Once in place, do not move without lifting each magnet first.

Removal:

When removing or repositioning your bag, please lift each magnet off the tank first and do not drag the bag off or over the bike. This will help prevent any scratching or tipping the bike over.

You can also use your CL-GPS-MG Journey GPS Mate with our CL-2015 Journey Tank Bag when you need some extra room for longer rides. First, make sure that the tank bags clear map pocket and bottom of the GPS Mate are free from any dust dirt or road grime. Position the GPS Mate on top of the map pocket on the CL-2015 aligning the magnets in the GPS Mate to the metal plates sewn inside the front of the lid and back of bag.

Warning:

Read the installation instructions and make yourself familiar with the process of installing the Nelson-Rigg® product(s) on your bike. It is your responsibility to mount the product correctly and securely as outlined in these instructions. Nelson-Rigg® products are intended for use at USA street legal speeds as posted by the individual States. Nelson-Rigg® luggage must not be overloaded. Max carrying capacity is 10 lbs per bag or the maximum load suggested by the manufacturer of the vehicle, whichever is less.

Failure to adhere to these warnings may result in, but not be limited to: the luggage becoming detached, the product becoming tangled in moving parts of the vehicle, unstable vehicle dynamics, reduction in the ability to control the vehicle. The result(s) of could lead to serious injury.

Always ride safely, adhering to the local highway regulations. Always wear a helmet and protective apparel.
